

Overview

Thrive is a leading provider of outsourced IT Infrastructure. Thrive delivers comprehensive managed services and unmatched expertise to drive secure digital transformation. Thrive's unique combination of industry experts, an automated technology platform, and the Thrive5 Methodology provides customers with a strategic advantage as they look to secure, scale, and succeed.

NextGen Managed Services

Thrive's NextGen managed services platform is designed to optimize business application performance via secure, redundant Cloud-based infrastructure.

Our customized NextGen portfolio and The Thrive Platform, powered by ServiceNow, enables IT teams to deliver efficient automation and AI services with less time and effort. Thrive's cutting-edge approach not only creates a superior, day-to-day IT experience, but can also help you manage your Cloud, Cybersecurity, Disaster Recovery, Digital Transformation, Global Network Management, and Traditional Managed Services capabilities at anytime and from anywhere.

Thrive Methodology

Thrive's NextGen services are fully customizable and leverage the Thrive5 Methodology, which provides each customer with a tailored strategy to optimize and protect their business data and applications. This methodology ensures access to the latest Cloud and on-premise technologies, advanced cybersecurity best practices, advanced networking solutions and compliance & governance assistance.

Thrive5 provides customers a unique opportunity to leverage a meaningful IT roadmap that takes advantage of NextGen technology and services, driving both efficiency and cost effectiveness.
