

Operate as a digital company by enabling and continuing to advance your Microsoft 365 and SharePoint capabilities.

The future is digital. Every company, irrespective of industry, is, or will soon be, thinking and operating like a digital company, re-engineering operations to support the new speed of business. If you've invested in Microsoft 365, you can execute your own Digital Transformation. Let Thrive help you enable and continue to advance that capability.

Microsoft 365 Solutions

Thrive has helped organizations of all sizes and industries adopt the tools available in the Office 365 platform to empower employees, optimize operations, and ultimately, transform their businesses.

With Thrive's Office 365 and SharePoint Services, we help organizations by:

- ◆ Empowering employees by enabling more effective collaboration and better supporting decentralized teams
- ◆ Building intranets, extranets, and collaboration solutions using SharePoint, Microsoft Teams, OneDrive, and all the features in Office 365
- ◆ Optimizing operations by automating manual business processes, migrating on-premise solutions to the Cloud, and enhancing reporting for actionable insights
- ◆ Building forms, workflows, and custom solutions using Teams, SharePoint, Power Platform, Power-BI, and third-party integration tools to optimize business processes and increase the value of Office 365 investments

Solutions Include:

- ◆ Intranet and extranet site development using modern SharePoint sites
- ◆ Collaboration solutions built on Microsoft Teams Business Process, allowing for automation of your operational workflows for HR, legal, and finance
- ◆ Powerful dashboards highlighting key performance indicator across your business units
- ◆ Document management, collaboration, and knowledge management solutions
- ◆ Custom SharePoint applications, branding, and deep technology capabilities
- ◆ SharePoint upgrades and migrations (Azure, Private Clouds, Office 365)
- ◆ Office 365 migrations
- ◆ Cloud readiness assessments
- ◆ Full Office 365 platform support
- ◆ Governance analysis and planning
- ◆ Data Governance and Security planning and support

The Thrive Advantage:

As the leading provider of NextGen technology services, Thrive offers Digital Transformation and leading-edge Cybersecurity solutions and services designed to meet the needs of your business.

Partnering with Thrive is the best way to achieve Digital Transformation while staying secure. We see digital transformation as unique for each company, with an emphasis on end user adoption as the major driver of success.

We leverage a proven process methodology that focuses entirely on Office 365 services and maintain a customer-first culture with a commitment to exceptional service delivery using only US-based resources, as proven by our 100% service retention rate.
