

# Managed IT Helpdesk Solutions

Businesses that rely on Thrive to manage their end-user devices and helpdesk services gain the confidence in knowing rapid assistance from expert engineers is just a call or a click away.

## Microsoft Office 365

Microsoft Office 365 is a Cloud-based service that is designed to help meet your organization's needs for robust security, reliability, and user productivity. Trust Thrive to bring you a managed Office 365 experience that will enable your business with:

- Enterprise-class Email Hosting
- The latest versions of desktop productivity and collaboration applications
- File Storage and Collaboration
- Optimized Licensing Models (cover multiple devices with a single subscription)

## Desktop-As-A-Service

Desktop as a Service (DaaS) is a Cloud service in which the back-end of a virtual desktop infrastructure (VDI) is hosted and managed by Thrive.

- A simple, subscription-based platform
- Always on and accessible from any device
- Reduce costs while increasing data security and disaster recovery capabilities
- Desktop provisioning or migration is done in minutes, not hours
- Economic and control benefits of scalable Cloud architecture

## Desktop End User Security

The biggest threat vector is your end users, their many devices and countless applications. Gone are the days where anti-virus software is good enough. Your strategy needs to be defense-in-depth, addressing all areas of potential weakness. Total protection suites for end-user devices include:

- Managed Security Patching
- Managed Anti-Virus and Spyware
- Advanced Email Security
- Cloud Identity and Access

## The Thrive Advantage

### Managed Services Provider (MSP)

Thrive provides Comprehensive IT Outsourcing, delivering end-to-end managed services and unmatched expertise to drive a highly secure and successful digital transformation.

### Security Solutions

Thrive's fully-integrated managed cybersecurity solutions provide a proactive and comprehensive approach to security management for identifying and remediating security issues. Thrive's unified cybersecurity platform enables Thrive's 24x7x365 Security Operations Center to automatically address critical security issues without client intervention.

### Consulting

Thrive addresses gaps that may exist in your organization by providing a variety of expert professional and consultative services with an agnostic approach to identifying and prioritizing risk.

### Expertise

The Thrive team is composed of technical and industry experts dedicated to ensuring that customers are able to optimize their business performance through the strategic design and implementation of a NextGen IT environment.
